

SC business Exhibiting at “JASIS 2025”

(Analysis, Measurement, Observation: Technologies for our future)

We exhibit at JASIS 2025 (Analysis, Measurement, Observation: Technologies for our future), which will be held at Makuhari Messe for three days from September 3(Wed) to September 5(Fri), 2025.

JASIS 2025 (Analysis, Measurement, Observation: Technologies for our future) gathers analytical and scientific instrument manufacturers under one roof, thereby combining cutting-edge scientific and analytical systems and solutions.

We exhibit and propose TWINBIRD Cooling technology, FPSC (Free Piston Stirling Cooler), as well as freezers equipped with FPSCs.

We hope you will stop by our booth if you are visiting.

We look forward to seeing you there.

Event title“

JASIS 2025”(Analysis, Measurement, Observation: Technologies for our future)
